

# LandVest®

**Position Available:** Land and Timber Manager

**Purpose:** This position provides a unique opportunity for the right candidate to grow and develop our timberland management business on the West Coast and develop into a future leader for the Company. The position will initially be responsible for leadership of all operations on approximately 170,000 acres of Northern California timberland.

**Report To:** The Land and Timber Manager will report to the western region Director of Timberlands and will have 4 direct reports with a total staff responsibility of 10-15.

**Location:** Northern California (exact location to be determined)

**Duties and Responsibilities:**

- This position will provide leadership, oversight, and management for all operations on approximately 170,000 acres of Northern California timberland.
- Assure a safe workplace through personal initiative and responsibility.
- Establish a solid rapport with all internal and external stakeholders including counterparts, direct reports, regulatory agencies, and the public.
- Assure compliance with various regulatory and voluntary compliance programs.
- Identify business improvement and growth opportunities and practices.

**Required Qualifications:**

- BS Degree in Forestry, Natural Resource Management, or equivalent, plus ten or more years of experience. Relevant industry, supervisory, and contractor management experience will be considered.
- Solid understanding of Northern California harvesting operations and silviculture preferred.
- Team player with ability to work effectively with people of varying backgrounds.
- Strong written and verbal communication skills.
- Excellent planning, organizational, and problem solving skills.
- Positive attitude and strong work ethic.

**Timing, Pay and Benefits:**

- Salary commensurate with experience
- Benefits include medical, dental, 401K, PTO and flexible work hours.
- Position is available now but will wait for the right candidate.
