

# 2022-2023 MONTHLY EVENT SCHEDULE

This is a tentative list of upcoming events for the 2022-2023 Program year. Events are listed by month in chronological order. All dates and times listed for workshops and deadlines are final. Additional events may be added during the program year given program capacity.

**All Program participants are required to attend at least one diversity, equity, inclusion, and justice (DEIJ) workshop, but we encourage folks to attend all 4 workshops since the materials presented build off each other. All DEIJ workshops are given twice to accommodate for different schedules, which is why each month has two trainings scheduled. You only need to attend one date to meet program requirements.**

If you have questions please contact Allison Erny (allison@placerrcd.org).
